INTRAMURALS AND MISCELLANEOUS

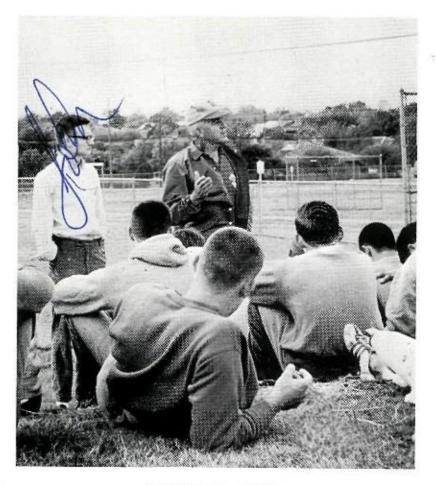

Referees? Bill Dewald, Doug Pickering, and Bill Bruce.

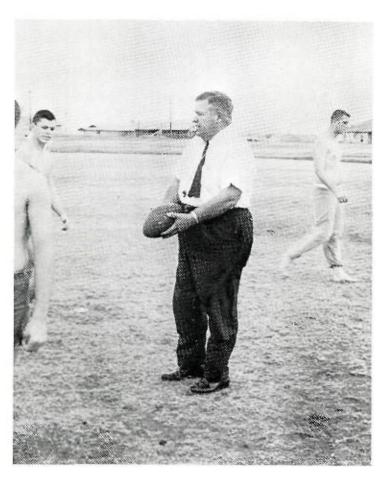

The coaching staff here at Hillcrest High school is among the finest existing anywhere today.

Though these men attempt to win every contest they do not believe that this is the most important achievement. The desire towards helping today's wouth to be better men tomorrow through sportsmanship, citizenship, and leadership is their predominant purpose.

It is through their never-ending devotion to sports that these men work, often after hours, to achieve these goals. They believe that the development of fierce, aggressive competition can be of great value toward practicing these goals. We now stop to salute these SPECIAL MEN because of their achievements toward making our men of tomorrow better able to face life and its problems.

He went bargain hunting. He thought all class rings were alike. He hadn't heard that the official class ring is official because it is made to rigid specifications for the protection of the student body. A splendid fellow, Smedley. But there are reasons to suspect he is not completely in step with the times.
